

MENU

*A truly fine meal is enjoyed
not once but three times,
in anticipation, in consumption
and in remembrance*

Aromatic offers a new dining experience...flavours of the long forgotten cuisines of World, where the menu presents a “delicious departure” from the ordinary.

Our menu is almost entirely a compilation of specialities unique to us and the recipes are never softened or diluted, remaining true to their Oriental origins.

Our passionate team of chefs, who believe in absolute perfection, are offering a true feast for all four senses with a range of signature dishes. The blending and preparation of spices in a century old craft and is indispensable to multicuisine. Recreating the magic of spices, our chefs have carefully handpicked spices/flavours often used in kitchens of erstwhile royalties.

Aromatic is a culinary where dinners now have access to a unique experience, which brings together the New Age with the Old Age. For dinners who are looking for home like-like food made with less oil and spices, food served in desi style definitely stands apart for its very “maa-like” cooking style.

Allow is therefore to offer you, new experience in Oriental food ordering something unfamiliar. After all, a meal with no surprises is a culinary experience lost and a potentially memorable dining occasion wasted.
