## THE GRAND FLAVORS About

**Mr. Dwijesh P. Acharya**

Founder, The Grand Flavors

"FLAVORS", your own restaurant, with mouth watering tasty tangy healthy food of your choice, still not heavy on your pocket...!!

A flavor Restaurant, we believe the flavors of the food we serve cannot be easily described - it must be experienced!

For an immediate delicious sensation to you tongue, I have personally appointed all the chefs and staff after testing them well, and taught them the recipes in our own unique style of cooking... And trained them to serve you best, as our motto is

**“ WE DON'T COOK DIFFERENT FOOD, WE COOK FOOD DIFFERENTLY ”**

Indian cuisine is as diverse as its culture, people, geography, and its climate. The essence of good Indian cooking revolves around the appropriate use of aromatic spices. The skill lies in the subtle blending of these spices to enhance, rather than overwhelm, the flavor of a particular dish. The philosophy of Indian cooking is derived from ayurveda; ayur meaning life and veda meaning knowledge. It has been said that the science of ayurveda is at the core of many of our Indian food-preparation techniques, developed to satisfy the physical, mental, psychological and spiritual needs of man. The name of our restaurant mirrors this philosophy - We believe life is beautiful, and so is the life-giving food. Recalling the divine experience of the Flavors of our Indian food, we hope you enjoy the beauty, fragrance, and taste of our carefully prepared dishes.
