Most Restaurant and Amazing service. Unique concept of a serving Robot. Ambience is really good. I had this city thali, Indian golhar, Chinese Stir fry, Mass course and Greeting Drinks. Taste was quite nice. Perfect place for birthday celebrations and Parties.

This place was one of my family's first experience of their service and food. Food was so nice and delicious. I loved the vibes I got there with my family. They enjoy a lot. But unique things of them is that food served by Robot.

What a lovely place to go out with your family, friends and someone special! Food served from new cuisines, served in a really great and nice atmosphere. The Robot is the most attractive thing to see there, every one can say a thing because she serves our food by taking care diligently. Just like someone who came about us. You can take pictures with her. She is such a nice Robot. Loved to visit food place. And it was my B's food day!!!
