

The Munch BOX

Veg Gourmet Kitchen
-By Payal Thakkar

*One cannot think well, love well, sleep well
if one has not dined well*

It all began in our kitchen at home. We tied up with a couple of online food delivery services & took small orders. Slowly & steadily the lip-smacking delicacies spread like wildfire. It urged us to expand into a full-fledged kitchen which explored and catered to numerous events and parties. The unique flavors tantalized taste buds, blanketed with excellent quality and a huge variety got our customers addicted to The Munchbox. It makes us feel at home completely. In celebration of the success, we have now created a restaurant where we will provide the ultimate and exquisite meal experience with our multi-cuisine fusion delicacies.
