RESTAURENT

FOOD MENU

## About Us

KOOTANSORU WAS STARTED IN 2019 and has endeavoured in continuing to creating new and innovative vegetarian dishes to give a different feel for veggie lovers.. such that we bring a concept called MOCK MEAT, which is nothing but plant based meat.

## What is MOCK MEAT?

MOCK MEAT is a term used for alternative meat option. It can be created from plant based proteins to resemble the real taste, colour and texture of the meat. Ingredients like pea protein, wheat protein and soy protein are processed into different versions of meat. Other substances like hybrid jackfruit, konjac plant, sea weed and shiitake Mushroom are used along with spices that resemble dishes of meat. There are wide range of suppliers in Indian market for mock meat. kootansoru restaurant choose the best product from the market to treat our taste buds.
